## ENEMO to be Headquartered in Tbilisi

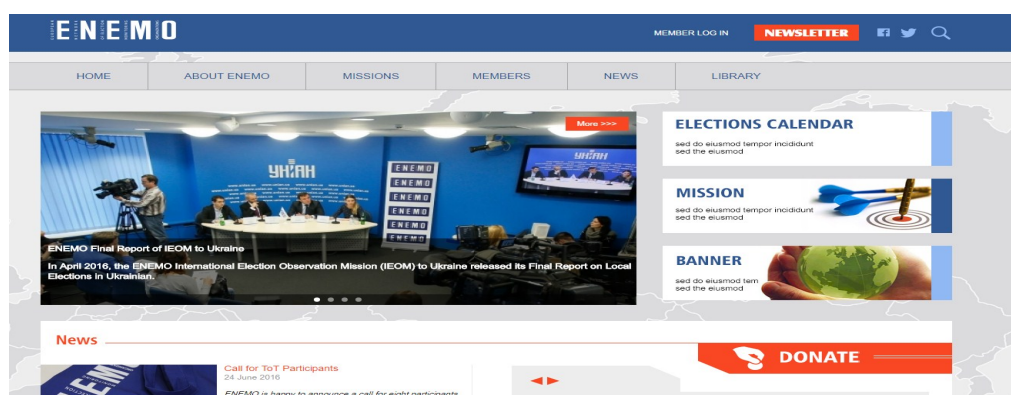

The General Assembly has chosen Tbilisi as the future headquarter of ENEMO. Being located roughly in the middle of the ENEMO region, Tbilisi was considered as a most suitable option for establishing ENEMO HQ. This is the next step for implementation of the Strategic Plan of ENEMO according to which, the Network should establish a permanent Central Executive Office which will take over implementation of ENEMO projects and ensure sustainable development of the Network.

## ENEMO Training for Long Term Observers

ENEMO has launched a project "ENEMO Training for Long Term Observers". The project, funded by NED, envisions to improve the skills of potential observers and have a wider pool of trained and qualified candidates available for its missions. The Training for Trainers (July 2016) for eight participants is the first part of the project that will be followed by a Pilot Training for twenty participants in the end of August.
